Don't miss this opportunity to gather with like-minded Christian leaders! The annual Forum provides a much-needed respite as we soak in God's presence and unite with other **Leaders, Educators, Authors, Prophets, Prayer Warriors**, and powerful men and women of God. Come share what God is revealing to you. Be inspired by how God is moving in the lives of others, and participate in Spirit-filled prayer, lively discussions, delicious meals, and fellowship.

Thank you for sharing the word! Primus depends on Graduates and Partners to help spread the word about lifelong learning opportunities available to Christian leaders, Chaplains, Pastors, and those in ministry-related fields.

Every year, the Forum costs more than we receive. **We seek sponsors to help pay the Forum expenses and provide a much-needed scholarship fund. We are asking for 20 sponsors of \$1,000 each to help cover the cost of the Forum event.** We also requested that you consider becoming a monthly sponsor so we can continue to do the work God laid out for Primus University.

This year's Forum costs \$250 per person or \$100 per day.

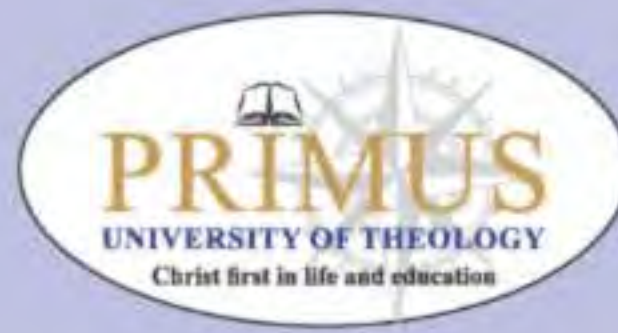

Thank you in advance for supporting this exceptional event!

These alliances are very critical to the growth and success of Primus University. Defying Gravity: ACU tops 1,400 students with 9th-straight year of record enrollment!

GLENDALE, AZ – Just two years after topping 1,000 students for the first time in its history, Arizona Christian University this fall will serve more than 1,400 students with its unique brand of conservative, biblically integrated education provided in a covenantal Christian community.

“We are grateful to God for His continued provision for ACU and our unique and vital mission,” said President Len Munsil.

“As more and more historically Christian institutions of higher education drift from their original purpose, we are discovering a great hunger among students and parents all over America for an institution that is unapologetically conservative, biblical, pro-life, and supportive of traditional marriage and family, economic freedom and limited government,” Munsil said. “Our students come from all over America and the world, and from all sorts of economic and ethnic backgrounds, but they are united by their commitment to follow Christ and courageously engage culture with biblical truth and the hope of the gospel.”

Arizona Christian University's national visibility has increased greatly in part due to the arrival of Dr. George Barna as Director of Research at ACU's Cultural Research Center. Barna, for decades known as the most quoted Christian leader in America, has been publishing ground-breaking research at the intersection of faith and culture through the CRC at ACU since 2020. His latest book, “Raising Spiritual Champions,” is a best-seller published by Arizona Christian University Press in 2023.

ACU students are encouraged to seek out positions of leadership in our culture, employing biblical values and a commitment to Christian ethics and hard work that brings glory to God. For information on how to apply for admission to ACU, including online courses starting every few weeks, visit www.arizonachristian.edu.
